DETAILED ACTION

Allowable Subject Matter

1. Claims 1-47 are allowed over the prior art.
2. The following is an examiner's statement of reasons for allowance: regarding claim 1, the reason for the allowance of the claim is due to the improvement over the prior art Sandstrom (6618185) by amending the claim to include the limitation "wherein the feature in an area of the first pattern are too small and closely spaced to be individually resolved by the detector arrangement". Since claims 2-16 depend from claim 1, they also have allowable subject matter.

Regarding claim 17, the reason for the allowance of the claim is due to the improvement over the prior art Sandstrom (6618185) by amending the claim to include the limitation "wherein squares of the first chessboard pattern are too small and closely spaced to be individually resolved by the detector". Since claims 18-47 depend from claim 17, they also have allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
